

Help us to revive one of steam's most remarkable survivors and bring it to a railway near you - become a member of the LCLT Supporters' Group today!

In the next few months, we hope to secure major financial support from the Heritage Lottery Fund but, as a part of the total funding package to restore 65033, we need to raise £50,000 ourselves. Over the last two years, we have worked very closely with the HLF who have already supported the detailed planning and design stage of this exciting project. Please help us return the locomotive to full working order for the enjoyment of present and future generations - THANK YOU.

Supporter's Group Membership

Once you have become a Member of the Supporter's Group, you can help out by working on the locomotive, the Tools Van and other projects run by the Trust. As a Member, you will also be able to volunteer to work on the locomotive once it has been returned to working order.

Membership costs £30 per year for one person, including a special Member's pin badge. Alternatively, family membership is also available, costing £50 per year for up to two adults and two children. Each member will receive an adult's or children's pin badge, engraved with their membership number. Family membership can also be paid for in monthly instalments of £5. Members will receive a quarterly e-mail newsletter, while family members will also receive a quarterly educational children's newsletter.

For those that wish to support the project further, there is the opportunity to make larger one-off donations, and these attract additional benefits as detailed below:
